

Dear Reception and Nursery Parents

As we come to the end of the academic year we would like to invite you to an Early Years Seaside Party. This is to celebrate the children's achievements this year and support the children's transition into their next stage of their education.

On **Friday 8th July at 1:45pm** the staff and children would like to invite their families to their seaside party. For this day the children can come to school in their choice of holiday clothes ready for their seaside party in the afternoon. This might be a summer outfit, or even a swimming costume under their shorts, whatever you feel is appropriate for the school day, bearing in mind the children will continue to access all the usual activities they experience at school and the unpredictable English weather.

On this afternoon we are inviting families to bring along their own picnics with picnic blankets/deck chairs, beach towels and their favourite beach games, and there will be opportunity to access paddling pools, refreshments and other seaside stalls.

Nursery children who normally come to the morning session are invited to come to the afternoon instead to be fully involved in the atmosphere of the day.

We hope to see you at the seaside party.

Thank you for your continued support,

Miss Pugh
Early Years Coordinator
