- JP suggested that the timber for stage would need to be safe, durable, non slippery and non splintering, as well as easy to maintain.
- SP also shared that Mrs Mural in not available this Summer but could be booked next Summer to paint wall as part of phase 2.
- JB had also found to other companies to enquire to check availability and pricing for wall mural.
- JP shared 'Smooga' resource as idea for Phase 2 to allow sports games to happen without interrupting other play within the playground.
- The committee welcomed this idea and it was suggested that the 'Thames' size would be sufficient with approx. cost from £6129.
- Committee visited playground and suggested the stage would work well against the wall that is due to be painted.
